

KIRAN KUNIGIRI

IOS/WEB DEVELOPER

PROFILE

Hi! My name is Kiran Kunigiri. I've been an iOS and web developer for 3 years, and I make cool new projects everyday (see my website). I live in California in the Silicon Valley and I'm a junior at Cupertino High School.

EDUCATION

Cupertino High CA, 2014-2018

EXPERIENCE/PROJECTS

Congressional App Challenge Winner - 2017

Created an iOS app utilizing ARKit (augmented reality) and object recognition to help people with Alzheimer's disease improve their memory and recollect precious events.

Summer Internship at Netgear - 2017

At Netgear, I helped with the development and testing of a new mobile application that controls their routers.

Color Cabinet (Product) - 2017

An advanced color management application for designers on iOS and Mac, utilizing Wifi/USB/Bluetooth for realtime communication. (Published on App Store, see website).

Summer Internship at Lumentum - 2016

At Lumentum, I designed and developed multiple iOS apps: one that helps the HR team manage the onboarding process for new employees; another to enable employees to contact the building security team in case of an onsite emergency.

Tinovation, iOS/Web Tutor - 2015 - Current

Tinovation is a programming club where we teach over 60 students how to code and develop applications. As an officer, I teach and create new curriculum and projects.

Make School Summer Academy, Palo Alto CA - 2015

At the Make School Summer Academy, I learned advanced iOS development and built the task management app, Quest.

143 Claremont Ave,
Santa Clara CA 95051
